

Year: 2026 **Vendor/Commercial Display Terms for Quinte EX**

The Belleville Agricultural Society and the vendor/commercial rep agree to the following terms:

Tables, chairs, electrical cords, hoses, etc. are not provided.

The vendor/displayer may occupy and use the space only for the purpose indicated on the application and all displays must be kept within the confines of the space.

Vehicles and booths will be placed by Society personnel. We will try to honour all requests, but placement will be at Society discretion. Problems should be reported to the Office and possible alternate sites discussed, but space is limited and placements are done for the benefit of vendors/exhibitors and the Event itself. Any movement of commercial booth or vehicle not approved will result in immediate removal without refund of payments.

The Society will not be liable for any loss to a vendor/exhibitor for any reason. All exhibitors/vendors must carry their own liability insurance – **proof of insurance must be attached to the Application.**

Set-ups may only proceed after fees have been paid in full.

In the event that the Exhibition is cancelled, all fees will be refunded.

The contract is for the duration of the event, as shown on the Application. Closing and “tear-down” must wait until the event is concluded.

Society officials may exclude merchandise being sold at the event that is deemed dangerous or objectionable. Knives, weapons, drug paraphernalia, fireworks, tobacco products, or other materials may be excluded at the sole discretion of Society personnel.

Vendors must adhere to and comply with Ontario & Municipal Fire Safety Codes, Electrical Regulations, Regulations of the Hastings & Prince Edward Health Unit or other applicable regulatory standards.

Vendor/Exhibitor vehicles should be parked in designated parking areas before the gates open to ensure safety of pedestrian traffic.
